Fundraising Results 2013–14

The fiscal year that ran from July 1, 2013, through June 30, 2014, marked the public launch of the Campaign for HDS, and alumni and friends answered with an exceptional show of support. Over 1,350 supporters committed over $7.1 million in new gifts and pledges for both core needs and new initiatives, including a new professorship in religion, business ethics, and the economic order.

**Flexible Funds**

In the first public year of the Campaign for HDS, our alumni and friends offered unprecedented support for the Dean’s priorities. Flexible, current use gifts broke $1 million for the first time in the School’s history, doubling the FY13 total. The Leadership Council, comprised of supporters who give $1,000 or more, welcomed 29 new members in 2014.

**Bequests and Planned Giving**

HDS supporters continue to shape and expand the possibilities for the School through their thoughtful and generous planning. In FY14 planned gifts such as charitable trusts, annuities, and bequests accounted for nearly $700,000 in new commitments, most of which will provide financial aid for HDS students in the 2014–15 academic year.
